APPLICATION FOR MEMBERSHIP

To apply for membership with Macbeth Matchmaking the first step is to contact us. We'll provide you with detailed information about our services and invite you to an informal meeting to get to know you. Our aim is to learn more about you, your background, personality, lifestyle, interests and of course, the characteristics of your ideal partner.

Getting to know you on a personal level, whether you're on a local or international programme, is essential to the success of our relationship as client and member.

INTRODUCTIONS

Once you've registered, your Matchmaker will present you with a choice of carefully selected profiles. You can then make an informed decision to either pursue a particular match, or continue on with the search.

We never share your personal information with possible matches without your explicit consent. Discretion, trust and expertise are all key to the service we provide.

DATING

This is your chance to assess for yourself how compatible you are with your match. At this stage you're able to take your time and explore each other's personalities and lifestyles, as well as the level of chemistry and physical attraction.

FEEDBACK

After your date, your Matchmaker will spend time with you discussing the introduction. You can let us know how the date went and how you want to move forwards. You'll be encouraged to be completely honest about your experience, so that we're better able to fulfil any current or future needs you have. Clear and open communication helps us to refine our search and work towards finding you that special someone.
